

Fridge Freezers **TravelMATE** *evaKool*TM

Ideal for your boat, 4WD and campervan

30, 45 & 60 Litre Fridge Freezers

Powered by
12/24 Volt DC
or 240 Volt AC*

EvaKool TravelMate Fridge Freezers are a great companion for your boating, four wheel driving and camping adventures.

FREE COVER INCLUDED

TravelMate Fridge Freezers are a highly efficient sealed refrigeration system that offers a low current power draw and an amazingly quiet operational noise output that will give you years of trouble free enjoyment.

These fridge freezers can be powered by 12/24 Volt DC or 240 Volt AC*.

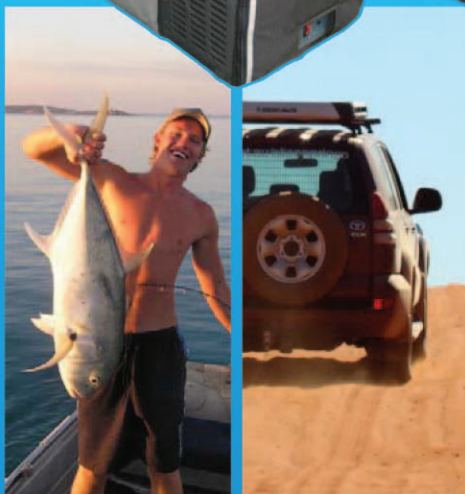

** with an AC Adaptor*

A removable and reversible lid to the Fridge Freezer makes cleaning of the inside and outside of the units a breeze.

**features an
Electronic
Control Panel**

A unique, full surround static coil evaporator and stainless steel liner allows for even flow of refrigerant at all times for optimum cooling performance. As there are no exposed refrigerant lines (as with traditional dimple plate evaporators) there is no chance of damage to the refrigerant lines.

**Fully insulated
cabinets ensure the
coldest drinks even on
the hottest of days.**

2 Year
Compressor & Cabinet Warranty
