## **STOWAWAY** A COMPLETE MERCHANDISING SOLUTION

When you take on the Rainbird Stowaway Display Stand, you are sharing in a proven sales strategy. The Stowaway Stand is a self-sufficient merchandising tool that's simple, yet extremely effective.

The stand allows for a substantial amount of product to be accommodated within a relatively small space. The benefits are two-fold: precious retail space is maximised and the extensive Stowaway range is merchandised in a 'look-at-me' format for consumers. It's a proven formula that has worked time and time again. In fact, figures show that sales increase noticeably whenever the Stowaway Stand is introduced into the retail environment.

The Stowaway Stand is supplied by Rainbird and holds approximately 50 units. If you haven't already experienced the benefits of the Stowaway merchandising system, ask your sales representative how you can start reaping the rewards today.
